CURRICULUM VITAE

A junior full-stack developer, graduated from the IT Career Switch software development course. In addition, I hold BSc (Hons) Games Design from Bournemouth University, and have experience as a Freelance Developer. During my coding traineeship, I successfully completed two real-world projects to specification, demonstrating proficiency in a wide range of programming languages. My experience has equipped me with a versatile skill set and the ability to thrive in dynamic, fast-paced environments.

I am a highly motivated, self-starting individual with a proven track record of effective teamwork and adaptability under pressure. I am eager to contribute and grow within the development field, where I can leverage my skills and passion to become a valuable asset to the team.

PERSONAL DETAILS

NAME: Matt Paine

RESIDES: Odiham

TRANSPORT: Full UK driving licence and vehicle

RIGHT TO WORK: British Citizen

CODING TRAINEESHIP

IT Career Switch Ltd
Coding Traineeship – Full stack developer (1-year program)

During the traineeship I had to demonstrate a very competent level of the following programming languages and technical skills

- HTML5, CSS3, JavaScript
- PHP, SQL, React, jQuery
- Python, Node.js, Bootstrap
- Command line Git, Github
- Remote API access

DEVELOPMENT EXPERIENCE:
Below are the two briefs of development projects I completed with IT Career Switch which can be found in my bio:
https://mattpaine.co.uk/

Portfolio Project #1: "Gazetteer"
The specification was to reply to a website specification for a map-based app to provide information on countries, with a focus on a "mobile-first" development. Preferably using a framework, to then develop HTML, CSS and JavaScript with JQuery modules that use PHP server-based components to source data from third-party APIs (Geonames, OpenWeather). The solution is assessed on its delivery to specification, functionality, and usability.

Portfolio Project #2: "Company Directory"
A more rigorous reply to this specification was required as a user requirements document was needed to be prepared which, when signed off, triggers the release of SQL allowing to develop a "mobile-first" application to maintain a company personnel database (MySQL). Sign off is only achieved upon the student supplying an independently witnessed document providing confirmation of the system's ability to perform error-free.

CAREER HISTORY:

Jun 2017 – Present   **Greene King**
POSITION HELD: **Kitchen Team Leader**

- Started initially as a Kitchen Porter, then moved up to Team Member and later Team Leader
- Worked behind the cook line, prepared food, ordered stock and counted stock line, both as part of a team and independently

Feb 2023 – Oct 2023   **Ponies & Plaits**
POSITION HELD: **Freelance Web Design**

- Designed and built a single-page website for a new local business which provided pony rides and entertainment for children's parties, weddings and other events
- Calls with the client, producing design mock-ups, website design and feedback/revision meetings

EDUCATION:

2019 – 2022   **Bournemouth University**
BSc (Hons) Games Design (*Grade: 2:2*)

2017 – 2019   **Queen Mary's College**
Three A-Levels
